MONEY TALKS

Of all the books
a young man could
own a Bank Book
is the best

A young man's bank book is an indication that he is under real headway.

The young man with a bank account is already "getting on" in the world. It indicates prosperity and habits of industry and business that augur well for his future.

And it is a testimony not only to tangible possessions but to personal qualities that have much to do with winning the admiration and confidence of acquaintances.

Interest paid on savings.

DON'T NEED RUBBER HEELS ON OUR CARPET.

YOUR carpet is one of the things that make or mar the appearance of an entire room. We will advise you, if you like, as to what kind or design is best for your particular purpose. Our hall, dining room and parlor rugs have real wearing ability. They will not fray out at the edges. Like our carpets, they are soft and yielding to the foot.

MORGAN TALKS TO VOTERS.

Dick T. Morgan, Congressman and candidate for re-election, was in Beaver County last week speaking to the voters at various places. He talked to the voters of this vicinity at Beaver Thursday night, and in the course of his remarks left many good thoughts for their careful consideration, and which should help them in casting their ballots in the coming election for the best interest of this section. Congressman Morgan has so long represented this district in Congress and did it so faithfully and consistently that there is every reason why he should continue to do so and no good reason why the voters should not support him for another term. It takes a long time to get in touch with the workings of our federal government as to be able to accomplish much in the way of legislation, but Morgan has been on the job long enough now and stands so high in the estimation of his colleagues that he has been able to pilot some mighty good measures through Congress and is in a position to render just as valuable or better service in the future. It would be folly to make a change at this time. Vote for Morgan and you vote for the best interest of this district.

AYERS' CANDIDACY FOR COUNTY SUPERINTENDENT.

In the announcement column this week may be found the card of G. T. Ayers, who is asking re-election for a second term to the office of County Superintendent. Mr. Ayers has served the people in that capacity the past two years, and we feel that we are voicing the sentiment of the people in general when we say that he has discharged the duties of his office in a straightforward and capable manner. The office of Superintendent of Schools is a hard one to fill, and one which requires not only ability, but good judgment as well. The manner in which Superintendent Ayers has handled the many perplexing and turbulent school questions that have come up for his disposal, as well as the regular routine work of the office, has proven that he is possessed of both ability and good judgment, and is in every way qualified for the office, and we feel that he is entitled to re-election. It is said, "One good turn deserves another." We believe it would be just as applicable to say, "One good term deserves another," and the voters could not do better than to re-elect Mr. Ayers for a second term.

BEATTY FOR COURT CLERK.

The announcement of L. F. Beatty, democratic candidate for Court Clerk, may be found in the announcement column of The Herald. In asking the support of the voters in his candidacy, Mr. Beatty does so, promising in return his best efforts to discharge the many important duties of that important office in a capable and satisfactory manner. He feels that he is qualified for the office he seeks, and that if elected to serve the people the coming term that they will not have reason to regret their choice. He has had considerable experience in clerical work, and has been associated in different lines of business which required careful and accurate attention. His success in these things is proof of his ability, and this, together with his recognized characteristics of honesty and integrity, makes him a candidate in whom the voters may safely put their trust. While a candidate on a political ticket not in accord with our belief, yet, we do not hesitate to recommend Mr. Beatty as a candidate worthy of support.

YOUNG MAN PASSES AWAY.

The Trux Undertaking Company, of this city, were called Monday to take charge of the body of Frank Bixler, a young man who had resided at his home near Forgan, and who passed away that morning. The young man was operated upon at a Wichita hospital a few weeks ago for a growth in the throat, but failed to obtain relief, and died as a result of that trouble. The many friends of the family are grieved to learn of the untimely death of this young man, and extend sincere sympathy to the sorrowing ones.

RALLY DAY AT PRESBYTERIAN SUNDAY SCHOOL.

The Presbyterian Sunday School observed Rally Day last Sunday, at which time a special program was rendered and a record attendance was present. That school is making a special effort towards making every Sunday a rally day, and their work is meeting with pleasing results.

OUR ENTIRE WHEAT AND OAT CROP REQUIRED TO DEFRAY EXPENSES OF DEMOCRATIC STATE GOVERNMENT.

The cost of government to the people of Oklahoma last year was over \$50,000,000. A rough estimate of appropriations and estimated expenses of government for this year reaches \$60,000,000. This means the combined value of our wheat and oat crops—22 per cent of the total production of this state, including all agricultural, oil and mining products.

This is a result of a policy that has continually increased the cost of government to this state. The first territorial legislature appropriated \$92,400, the first state legislature \$3,823,343.33, and the last legislature \$10,330,246.33 for state government. The year prior to statehood the court expenses of the Territory, aside from justice court, was \$398,560—seven districts judges and twenty-six county judges performed this work. The court expenses last year for the territory comprising old Oklahoma, exclusive of justice court, was \$1,064,471, and seventeen district judges, thirty-eight county judges, one-half of a supreme court of seventeen members, a federal district court and twelve United States Commissioners performed the work. In addition there have been created since statehood a corporation commission, an industrial commission, court of inquiry, referee courts, and various executive officers have been clothed with judicial power.

The expenses of county government for the twenty-six counties comprising old Oklahoma Territory the year prior to statehood was \$1,600,000; the aggregate cost of county government for the same territory divided into thirty-eight counties was last year \$5,500,000.

The result is felt by every industry in the state. The number of mortgages on farms, homes and business that have been foreclosed has been multiplying year after year. There are today 110,000 tenant farmers and 85,000 farm owners in Oklahoma. Despite an unparalleled and unnatural prosperity, the number of business failures, increases and our big institutions and industries are suffering by reason of the burdens that have been placed upon them under pretext of regulation, regardless of the fact that a great majority of the largest corporations can pass these burdens on to their employees and the public.

Isn't it about time to commence curtailing expenses and elect men to office who have a broader ambition than gaining political aggrandizement by the wholesale distributive of political pie through useless offices created to give some hanger-on a job?

BEAVER COUNTY WHEAT WINS FIRST PLACE AT STATE FAIR.

Beaver County wheat made the rest of the State sit up and take notice at the State Fair last week, when a sample which was exhibited by J. W. Gambs, manager of the Farmers' Equity Exchange, at Knowles, carried off first prize over all other counties of the State. How is that for old Beaver County? The thanks of the entire citizenship of the county is due Mr. Gambs for his personal interest in exhibiting our wheat at the State Fair. Had it not been for his efforts, our excellent wheat would have doubtless never been brought to the attention of the public. It has long been true that Beaver County wheat was the best produced in the Southwest, but that fact has not been spread before the public as it should have been. We should all take off our hats to Mr. Gambs.

FAREWELL RECEPTION TO EVANGELISTS.

A farewell reception to Rev. and Mrs. Waters and Miss Jones, who have been conducting a revival at the M. E. church, was given at the home of Mr. and Mrs. O. D. Smith, Monday night. The evening was spent most pleasantly in social conversation, and music, both violin and instrumental, after which refreshments were served. Among those present were: Rev. and Mrs. Waters, Miss Jones, Rev. Norman, Judge and Mrs. H. D. Meese, Mrs. Hodgson, Mrs. Fleece, Dr. and Miss Nobell, Judge Spohn and sister, J. W. Webb, Mr. and Mrs. O. D. Smith, Misses Edna and Clara Twee die and perhaps others whose names were overlooked in giving us the item.

The Bide-a-Wee club met with Mrs. J. W. Savage last week. The members present were: Mesdames Strannahn, Healy, Maple, Quinn, Crabtree, Looftbourrow, Long, Thomas, and Savage. Guests were: Mesdames Otto Stalling, of Capron; Hill, Spurrier, and Grandma Savage. Next meeting will be with Mrs. C. T. Smith.
